INSIDE OUT

AN INITIATIVE OF
MISSIO INTERNATIONAL
AND
MISSIO LINK
INTERNATIONAL

Church Partnership

The leadership team of Missio International and Missio Link International has enjoyed connecting Christian congregations in Romania and America since 1994.

These international partnerships involve worship, discipleship, missional engagements, multi-generational friendships, material and spiritual blessings, and a mutual love that transcends culture, advances God's kingdom, and embodies Christian unity.

While God's Gospel is constant, the form and function of these partnerships has adjusted with changes and challenges experienced in Romania and America over the past 25+ years.

Today, we are observing an awareness among Romanian and American churches, a complimentary focus that includes a commitment to **spiritual formation** and an appreciation for **community transformation**.

We call the initiative **INSIDE OUT!**

And we are inviting you to explore what such an international partnership might look like for your congregation.

WE BELIEVE THAT HEALTHY
CHURCHES HONOR GOD
BY CALIBRATING THEMSELVES TO
LOOK INWARD AND OUTWARD.

INWARD REFERS TO **SPIRITUAL
FORMATION**, THE
DISCIPLINED DEVELOPMENT OF
CHRISTIAN CHARACTER.

OUTWARD REFLECTS **COMMUNITY
TRANSFORMATION**, THE MISSIONAL
ENGAGEMENT OF NEIGHBORS AND
NEIGHBORHOODS.

If your congregation is interested in an intercultural partnership and concerned to grow both inwardly and outwardly, **INSIDE OUT** may be a great opportunity for you.

- **Join** a network of international church partners and Christian leaders who have decades of experience facilitating intercultural relationships.
- **Build** your own congregation's capacity to contextualize its holistic ideals while building the capacity of others to do the same in theirs.
- **Experience** a new level of Christian unity amidst cultural diversity that dynamically bears witness to a broken and divided world.
